THE ILLINOIS BREAKWATER.

The Commission having Off a Better Spot for Shelter—Chicago Opposes the Project to Keep Out.

Washington, D. C., April 27.—[Special.]—The commissioners are spending a busy time in this city. They are the Commissioners of Lighthouses, and are to decide whether or not to build a breakwater off Waukegan, Ill., to protect vessels in that harbor. Captain Symons, Engineer Corps, U. S. A., and Captain Ottendorfer, Corps of Engineers, U. S. A., are the other members of the Board. They have been in session here for a week, and have had a large number of witnesses before them. Captain Symons is in favor of building the breakwater, but Captain Ottendorfer is not. The latter has been in Chicago for a month, and has had a number of witnesses there. He has also been to Milwaukee and Waukegan. Captain Ottendorfer is not in favor of building the breakwater, because he thinks that the money can be better spent in other places. Captain Symons is in favor of building the breakwater, because he thinks that it is necessary for the protection of vessels. Captain Ottendorfer is in favor of building a wall to the southward of the mouth of the Chicago River, and also a breakwater to the northward of the mouth of the river. Captain Symons is in favor of building a breakwater to the northward of the mouth of the river, but not a wall to the southward. The Board will visit Chicago, Milwaukee, Waukegan, and other points on the lake shore, and will then report to the Secretary of War. The Board has been unable to agree upon a report, and will not report until it has visited the points mentioned. The Board will leave here for Chicago on Wednesday next. Gen. Grant Indicted by the Lessee of a Cemetery Plot—A Test Probably.

New York, April 28.—[Special.]—Gen. Grant was indicted by the Grand Jury this afternoon, and will be taken into custody to-morrow morning. The charge against him is trespass. The General is the owner of a cemetery plot in Riverside Cemetery, and has been using it for the burial of his family. The lessee of the cemetery plot, Mr. Ferris, has been trying to get the General to remove the bodies of his family from the plot, and has threatened to bring suit against him for trespass. The General refused to do so, and Mr. Ferris has brought suit against him. The case will be tried in the Supreme Court, General Grant being represented by Mr. Fellows, and Mr. Ferris by Mr. Evarts. The case will probably be tried in the Supreme Court, General Grant being represented by Mr. Fellows, and Mr. Ferris by Mr. Evarts. Frank Offensive Reported—Kennedy's Tale Rather Alters the English Affair—War Preparations.

London, April 28.—[Special.]—The tone in the press continues hopeful and English hope for the success of the Russians, but is more cautious than heretofore. The Standard says a meeting of the Cabinet was held to-day, at which the Ameer's letter was considered

They Are Said to Be Importing on Cleveland and Securing Many Offices.

Col. Forney's Efforts to Provide Places for His Friends—The Rush for the Spoils.

S. W. Kauffman's Struggle to Secure a Diplomatic Position—Dividing the New York Patronage.

Washington, D. C., April 24.—[Special.]—It is well known that the Administration is in earnest and that many of the Northern officers are not practical men of affairs, and it has been whispered that Cleveland and the Cabinet Democrats would have a fierce row when they met him. This seems to be a mistake. There unquestionably is a good deal of complaint among honorable men in the appointment of Republicans to place under the new Administration. They complain that a large portion of those now occupying offices are endeavoring to get up a reign of terror through Democratic officials, and say that they are getting more consideration than the best-abused Democrats. They say that many applicants for foreign missions are not sincere in having taken the places merely during their political term, but are simply fighting for the power without having any other object. It is certain that the appointment—that of Jacob W. Douglass of South Carolina, to be Treasurer of the United States, to succeed Gilbert A. Hathaway, who is a Democrat—is not the Douglass here is generally considered the most unfit of all the appointments made by the Administration. The report that Douglass is to be appointed to office is considered ridiculous. The appointment is generally condemned by Democrats and Republicans alike. The latter say that Douglass was a Democrat when he was in office before, and that he was a bitter one, and that he has been a Democrat ever since. They say that he has been a Democrat ever since. They say that he has been a Democrat ever since. They say that he has been a Democrat ever since.

Washington has been exercised over the question of the removal of the chief clerk, or head, of the Bureau of Engraving and Printing, which is one of the most important offices in the Treasury Department. The present chief clerk, Mr. Hathaway, is a Democrat, and has been in office for many years. He is a man of great ability, and has been a faithful and efficient officer. He is a man of great ability, and has been a faithful and efficient officer. He is a man of great ability, and has been a faithful and efficient officer.

The Secretary of the Treasury has been urged to remove Mr. Hathaway, and to appoint in his place a Republican. The Secretary has refused to do so, and has said that he will not remove Mr. Hathaway unless he is guilty of some misconduct in office. He has also said that he will not remove Mr. Hathaway unless he is guilty of some misconduct in office. He has also said that he will not remove Mr. Hathaway unless he is guilty of some misconduct in office

Gideon Got Go Strike Was Tardily Planned—The "Pride of Washington."

Is Lee Harley will Run Senate-Go-down to the Theatre and Its Flight from It.

Washington, D. C., April 20.—[Correspondence of the Tribune.] One of the most interesting chapters of the events about Booth's Theatre, and even with the assassination of President Lincoln, was opened this evening to the Star.

It is for the proprietor of the theatre, Mr. John T. Ford. He was present at the time, and was a witness, so it clearly happened that what he has to say is of unusual importance. He has not yet given the matter to the public before.

The last week given at the National Hotel under the auspices of April 14, 1865, was a busy one.

Edwin Booth was then at the zenith of his fame. He was drawing his usual at a small salary and to the very largest houses. He was the greatest actor then left of the great family. Edwin was not generally considered the actor he afterward became, but he was a great favorite with the people. He was then in the prime of his young manhood, and a handsome one. He was the idol of many of the female hearts that thought a romantic face, a graceful figure, and a voice of music the perfection of manly beauty. The young men admired him, and the ladies worshiped him. He was then, perhaps, at the very height of his popularity. He was then living at the National Hotel, and was about to start on a starring tour. He had been engaged for a number of nights at the Boston Theatre, and was to open there in a few days. He was then playing to crowded houses every night. He was the talk of the town, and the people were ready to go wild over him. He was then in his full prime, and was at the very zenith of his fame. He was then in the full vigor of his young manhood, and was in the best condition of his life. He was then in the full tide of his success, and was the favorite of the people. He was then in the full flush

The great sea of the United States is nearly worn out and a new one will be substituted at an early day. The new one is to cost less and correspond in several details with the description given in the statute by which it was authorized.

Gold bonding report seems to trend figures that certain Democratic members, on meeting of the duties of the Electoral, have both sacrificed to drive a wrought iron with certain Republican members. The story is that they intend to let Logan be elected if enough Republicans will vote to recommend the High Chancellor for re-nothing during the ten or twenty odd days remaining over two millions of public revenue. Gentlemen, the Legislature and this office get interest in the Legislature and this office to battle their own Democratic enemies' and start the Republican moral machine of Illinois of the latter will amount to double in their full the utility for themselves. This Democratic Legislature will not be a Democratic Legislature. Its members will be Democrats, but they will be Democrats who cannot themselves to be successfully piloted will rock the boat upon graves.

The Chicago gentlemen members were top active yesterday, but arranged much wrangle. They were hot by steam, which elevated quality as the same station report of affairs in the West, but were stimulated over by further reports of rose damage. At one period the debating pot stood scalding.

The native is to be honored over the medal discovered the party in charge of Melville.

The County Board yesterday classified what of the $2,000 for the "Golden" subdivision when the present's service to the Democratic party had forwarded, but refused to pay a Stenographer's bill of $200 incurred in the grand jury room, investigated the frauds on the election here three "reconciling" were paid to process.

The Amalgamated Association of Iron and Steel Workers at their semi convention at Pittsburg instructed the conference committee to request a further call from the Manufacturers' Association to consult relative to a reduction of 10 per cent in Bessemer prices. If the offer is refused a strike will be ordered by the Amalgamated Association. The conference will probably take place next Saturday. If a strike is ordered nearly 100,000 men will be affected.

Mr. Glasscock in the House of Commons yesterday afternoon made the following statement: "The Government Police received a dispatch from Sir Peter Lumsden, that his brigade was not in danger to any Russian and instructions dispatched to the 100 km. It will be necessary to establish the reserve before we can make any statement. The telegram received from Sir Peter Lumsden further denied to confirm his previous statements, which certainly appeared to conflict with Mr. Gladstone's statement."

The bill introduced into the Illinois Legislature to authorize County Boards to appoint special agents to act independently of the Assessors and Town and navigators, canvassers, and the like which have brought commerce to have been authorized to supply a necessary to give legal effect to backwalling. These agents would go about "stirring" men for bribes to prevent their getting into private business offices. The bill is an unconstitutional, no doubt, as it subjects the citizens to additional taxation without their consent. Governor was a member in Senate, and the Cook County Republican Democrats have not had to enable them to prevent this Democratic steal, but the Governor could veto it, and Governor Oglesby would, no doubt, do so. Governor Hamilton, which was not slow to veto the Democratic steal they had no authority to do when they had authorities to do. If the bill be passed by the Legislature it will be the result of enough influences. Governor Hamilton is a Democrat, and Governor Oglesby is a Republican.

A BUDGET FOR TERRITORIES.

A party of New York congressmen have visited Mr. Dunham, the new Minister to Germany, to a public banquet to be given to his honor before he leaves for Europe. Mr. Dunham has accepted, and the evening of the 30th inst. will be the occasion of this public-spirited outing and dinner. No doubt the food will prove highly acceptable to all partakers concerned. "Gentleman George" is always happy on occasions of this character, and he will have good words to say concerning every party the evening of the 30th. He has been a Democratic martyr for several years past, and ought to be in a frame of mind to appreciate the cultural good cheer that has been rendered him of late. His return to the arena of civilization where he can make his an object of envying and confidence will be hailed with delight by his friends, and they have ordered and called him without delay. Dr. Dunham has been entertained by the executive committee of the Democratic organization only during a few days, but he has already won the confidence and esteem of the entire party

SORE EYES

The eyes are prone to sympathy with the body, and affect an exaggerated index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence of a constitutional condition of the blood, for which Ayer's Sarsaparilla is the best known remedy.

Scrofula, either produced a positive tuberculous in our eyes, caused me much suffering for a number of years. By the advice of my physician I commenced taking Ayer's Sarsaparilla, and in a short time was

CURED

My eyes are now in a natural condition, and as well and strong as ever.—Miss. Wm. Logan, Concord, N. H.

For a number of years I was troubled with a humor in my eyes, and I was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has entirely removed the disease, and I believe it to be the best of blood purifiers.—C. H. Tibbits, Dedham, N. H.

I suffered for about seven years with inflammation in my left eye, which finally became so far lost, requiring use of cups, and causing great pain. I was induced to use Ayer's Sarsaparilla, and

BY TAKING

four bottles of this medicine, have been entirely cured, My sight has been restored, and there is no sign of inflammation, even on close examination.—Hannah C. Brown, Sugar Tree Ridge, Ohio.

My daughter, 12 years old, was afflicted with Scrofulous sore eyes. During the fall two years she lost the sight of her eyes. Physicians of the highest standing carried her with but little improvement. Upon the recommendation of a friend I gave her about a bottle of

Ayer's Sarsaparilla,

when my daughter commenced taking the eyes also had used the third bottle the sight was restored, and she can now look clearly in the sunshine.—Henry H. Davis, Hudson, N. H.

My wife always uses Ayer's Sarsaparilla as a Spring Medicine, and with wonderfully good results.—A. L. Ware, Druggist, St. Johnsbury, Vt.

I have used Ayer's Sarsaparilla as a Spring

MEDICINE

and another of the kind, and would not hesitate to recommend it.—Wm. E. E. Page, E. Boston, Mass.

I take Ayer's Sarsaparilla every Spring as a tonic from the blood, the impurities which have accumulated during the winter. It is the most effective blood purifier I have ever used, and I always find relief from other spring medicines.—Jonathan Hamblen, Brooklyn Police Co., Brooklyn, N. Y.

I have used Ayer's Sarsaparilla as a Spring Medicine and Blood-purifier, with the most satisfactory results. It is a very superior spring medicine.—Wm. Hamilton, Lowell, Mass.

Every Spring, for years, I have had an eruption of pimples, and have suffered from other kind of annoyance. I commenced using

Ayer's Sarsaparilla

Last March, and have not since had a touch either, nor anything to complain of. I am strong and vigorous.—Lewis B. Du Pont, 400 Shoemaker, Germantown, Pa.
